

Loans

****New to 2012-2013 Academic Year: Loans will be applied to your student account in 2 disbursements per semester.**

****Loans should be considered only after exhausting all other aid sources. They are serious financial obligations that must be repaid. Loans may have long-term implications and the amount of money borrowed may affect your ability to borrow for a home or car after college.**

The William D. Ford Direct Loan Program

The following loan programs provide assistance to students who have additional financial need to cover the cost of attending college.

Direct – Subsidized Stafford Loan - A low interest loan based on need available through the U.S. Department of Education. The Federal Government pays the interest on the student's loan while he or she is enrolled at least halftime. Those who do not qualify for the subsidized loan (in whole or in part) may be considered for the Unsubsidized Stafford Loan. The current interest rate is 3.4%.

Direct – Unsubsidized Stafford Loan – A low interest loan not based on need available through the U.S. Department of Education. Interest accrues on this loan during the entire period of the loan (from the time it is disbursed to the school until you pay it off). The current interest rate is 6.8%.

Direct – Parent Loan for Undergraduate Students (PLUS) – Available for parents of dependent undergraduate students.

Borrowing Limits

There are limits on how much a student can borrow per school year based on dependency status, need, cost of attendance and prior loans. The Financial Aid office will determine your maximum eligible amount. Western Texas College will not certify a loan for a student or parent if histories of delinquent or defaulted loans exist. A student who is in default on any student loan will not be eligible for student loans.

It is the student's responsibility to apply for a student loan. Western Texas College does not apply for you. *The Federal Government will be your lender.*
