

Farm and Ranch Management

Degree & Certificate Programs

PROGRAM OVERVIEW

Turn your love of the outdoors into a rewarding career. Western Texas College's Farm & Ranch Management program prepares graduates for success in the agricultural industry. Students receive practical training in areas such as animal reproduction, crop science, and range management.

PROGRAM HIGHLIGHTS

- Hands-on experience
- Real-life laboratories
- Four-day class schedule

FACILITIES

WTC recently completed a million dollar renovation to the College's Agricultural Science Complex. New equipment, classroom space, and laboratories provide an excellent learning environment for students to gain practical experience in the farm & ranching industries.

CAREER OPPORTUNITIES

- Ranch Manager
- Wildlife Manager
- Agricultural Production Manager
- Agriculture Equipment Manager
- Crop and Livestock Manager
- Land and Cattle Manager
- Agricultural Technician
- Field Representative in Agribusiness
- Soil and Water Conservationist
